

# Comments on the Russian Invasion of Ukraine

Democratic Party for the People

The Democratic Party for the People strongly condemns the commencement by Russia of its military invasion into Ukraine. Our party firmly rejects any attempt to enact changes in the status quo through military force. Such actions stand in direct opposition to both the cause of peace in the global community and human security. We demand that the Russian government immediately cease this armed incursion.

For its part, the Japanese government must stand in solidarity with its allies in furnishing the maximum degree of support for the people of Ukraine, while enacting decisive measures directed at the government of Russia.
